Welcome to Ostrava !!!

Ostrava has a very strategic location – 10 kilometres south of the Polish border and 50 kilometres west of the Slovakian border. Prague is 360 km away, Brno 170km away, Polish Katowice 90 km away and Vienna just over 310 km away. Four rivers flow through the city – Odra, Ostravice, Opava and Lučina.

Ostrava is one of the greenest cities in Czechia. In addition to numerous large parks and forests, you can also find three nature reserves and four natural monuments here. Natural rarities also include stray boulders of Swedish granite from the days of glaciation.

Ostrava is also an important economic centre. Many new jobs have been created in the recent years, some in not very traditional sectors such as the automotive, IT and outsourcing industries.

Rankings show that VŠB – Technical University is among the best universities in central Europe. The University of Ostrava also provides education in a number of interesting fields.

This pocket guide will help you discover Ostrava as a tourist destination with many unique attractions, rich cultural life and wonderful gastronomy.

GETTING HERE

**By car**

Ostrava is an important transport hub and a major intersection of the Moravian-Silesian Region. It is connected to a dense network of roads, connecting the cities throughout the agglomeration and neighbouring regions. The backbone of the road network is the D1 motorway, connecting Ostrava to Prague (370 km) or Brno (170 km) while also being connected to the Polish A1

**By bus**

The central bus station (TRAM and TROLLEY stop "Náměstí Republiky") handles primarily regional, national and international connections. Public transport terminals (Hranečník, Dubina, Svinov - mosty, Sad B. Němcové) are used by passengers on commuter lines.

**By train**

Rail passengers in Ostrava can use a number of rail stations and stops. The most important are Hlavní nádraží (main station) and Ostrava-Svinov. The main station is located in the city district of Přívoz, from where you can easily get to the city centre, Dolní Vítkovice area and the Zoo. Ostrava-Svinov railway station is the ideal gateway to the city part Poruba. Passengers can find OSTRAVAINFO!!! tourist info centres at both of these railway stations.

**By air**

Leoš Janáček International Airport is 25 km away from the city centre. Public transport is ensured by the train lines S4 (Mošnov, Ostrava Airport – Ostrava) and regional bus connections (lines 670 and 333 from the central bus station). Well known car-rental services await passengers in the passenger arrival area.

TRANSPORT IN THE CITY

Public transport

Ostrava transport company (DPO) operates a dense network of tram, bus and trolley lines in Ostrava. An extremely developed suburban transport is also a part of the integrated transport system (ODIS) and you can easily reach other attractive places in the region.

More information about the fares, timetables and news can be found at www.dpo.cz, in the DPO customer centres, or in the OSTRAVAINFO!!! info centres.

On bike

Ostrava has an extensive network of bike paths which can get you to work or to nature safely and comfortably. If you don't have your own bike, you can use a bike sharing system during the season. You can get more information in the OSTRAVAINFO!!! info centres.

Tip for you:

- ▶ You can purchase a bus, train or trolleybus tickets right on board with a contactless card.
- ▶ Credit tickets for public transport can be purchased at the info centres or dispensers at specific busy stops.

New City Hall, as seen from the Miloš Šýkora bridge

TOP 10 OF OSTRAVA

Dolní Vítkovice

Unique area of former ironworks where coal was mined and iron was produced between the years 1828 and 1998. Now it transformed into an educational, social and cultural centre that attracts hundreds of thousands of guests every year from all over the world. Enjoy a coffee and a view of Ostrava from top of the Bolt Tower, located on a former blast furnace, visit Small and Large Science and Technology centres for fun and education, enjoy a concert in the Gong auditorium or the Heligonka club, climb a climbing wall on the place of a former mine, watch a movie in the Etáž cinema or just wander around and enjoy the wonderful scenery.

Observation Tower of the New City Hall

Ostrava New City Hall, built between the years 1925 and 1930, is the largest city hall complex in Czechia and its 85.6 metres tall observation tower is the tallest city hall tower in the country. The observation deck is located at the height of 73 metres and offers a beautiful view of the entire city, both Moravian-Silesian and Těšín Beskydy mountain range, Oderské hills and Poland. If the weather is good, you can see the mountain range of Hrubý Jeseník with the highest mountain of Moravia - Praděd, as well as the mountaintops of Malá Fatra. You can enjoy the services of a guide who will tell you all about the history and present of the city and can recommend some interesting places to visit in the entire region.

Landek Park

Landek Park contains the largest mining museum in Czechia, located at the Landek hill, near the confluence of rivers Odra and Ostravice. It is also the only place in Ostrava where you can go down into the shafts of former mine Anselm, the oldest mine in Ostrava. Apart from mining expositions, Landek Park also offers expositions of mining rescue, mining machines, history of mine haulage and the history of settlers. The area also includes a parking space for caravans, several sportsgrounds and stylish restaurants and bistros.

Atmosphere. That is the best word to describe the area of the former Michal coalmine in Michálkovice. You cannot go underground in this museum but you will hardly notice that. The guide will take you through the areas which the miners themselves walked through on their way to work. You will see the chain locker rooms, showers, marking and registration rooms, lamp dispensers and the canteen. You can also get a glimpse of the geologist's office and the infirmary. The exposition is kept in a way that it feels like the miners have only left yesterday. The pride of the museum is a unique and still operational steam engine from 1903.

Zoo Ostrava

In the last several years, ZOO Ostrava has undergone extensive development. It is the second largest Zoo in Czechia (100Ha) and you can find over 400 species and 4000 animals in a natural forest-like area. Notable animals include elephants, hippos, chimpanzees in the Evolution pavilion or African ungulates in the Safari pavilion. Several botanical routes offer entertainment for flora lovers, who can admire blooming rhododendrons during spring season. There is also an educational centre and a restaurant in the Zoo. Feedings with commentary or the evening tours are the best events to visit.

Ostrava has its own castle as well. It was built in the 13th century on the Silesian bank of the Ostravice river near its confluence with the Lučina river. This former house of lords has sunk by 16 metres due to mining activities and in 2004 it was rebuilt to its present form. There are permanent exhibitions and displays inside the castle and the courtyard and amphitheatre host a large number of cultural and social events throughout the year which are very popular and attract numerous visitors.

Dinopark

The largest Dinopark in Czechia is located near Ostrava. It spreads over two high plateaus and it is a home to many models and attractions. Dozens of audio-visual scenes with robotic models of dinosaurs will excite every visitor. DinoExpress can take you to places amongst the dinosaurs which you would be scared to visit on foot. An active 12m high Mesozoic volcano will take your breath away, children climbing frames, swings, jumping attractions, cable line... If you are looking for a family trip full of fun and learning, Dinopark is the right place for you.

The Ostrava branch of the National Museum of Agriculture offers expositions dedicated to food and agriculture machines. Tractors, cereal processing machines, forage processing machines - those are just a few of the 40 various machines of different brands and age you can find here. You will also get to know, in an interactive way, everything important about food, get to know the basic types of food and answer questions that are related to food issues. The exposition of agricultural technology and the food depository complement temporary exhibitions, events and lectures.

The Gallery of Fine Arts

The Gallery of Fine Arts in Ostrava was founded in 1952 as a Regional gallery. It is situated in the House of Arts – a historical building from 1926 and one of Ostrava's architectural sights. It is the largest collecting gallery in the Moravian-Silesian region which is visited by more than a hundred thousand art loving visitors every year. The gallery contains over 23 000 artworks and it belongs among the five most notable galleries in Czechia in terms of quality of the collections.

OSTRAVAINFO!!!

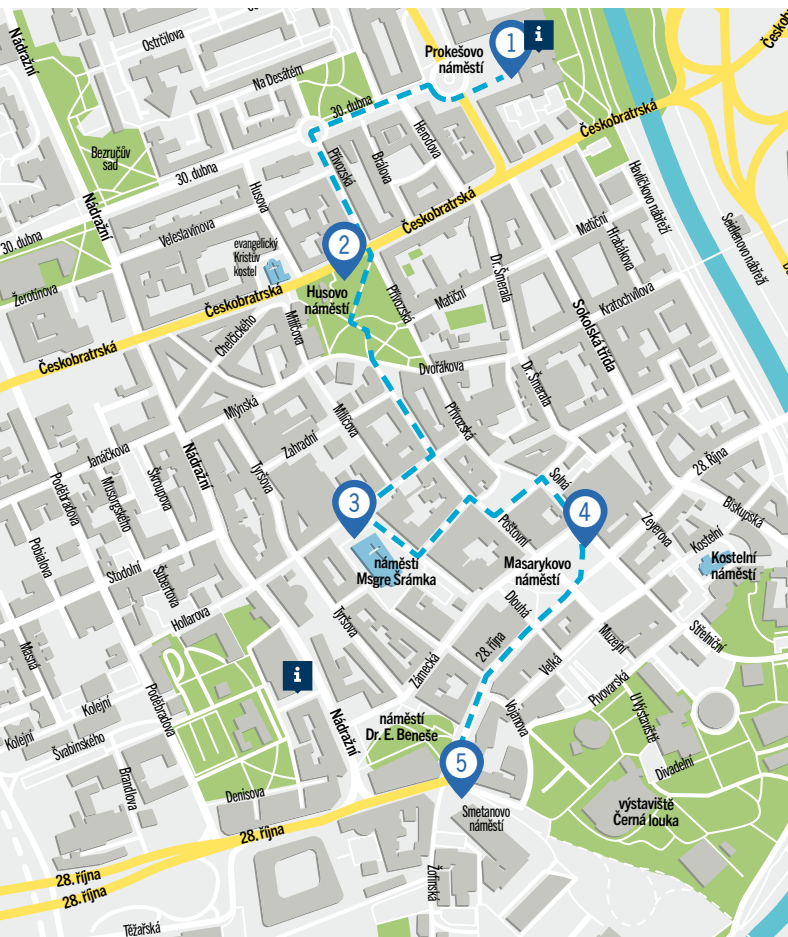

WALKS

City centre

 Walk length:
approx. 1.5 km

Heart of Ostrava

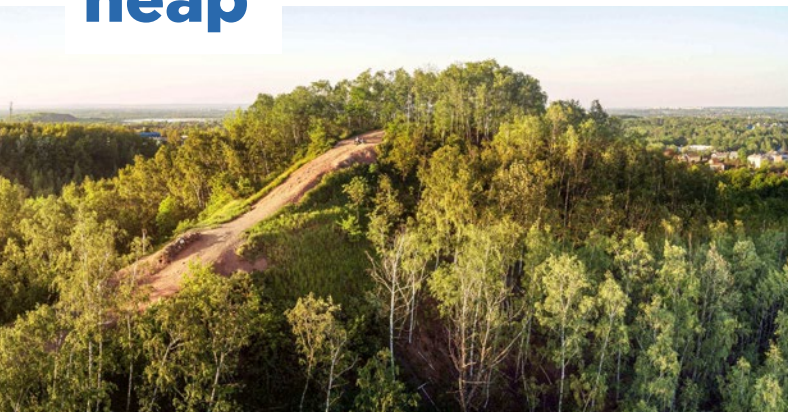

After visiting the New City Hall Observation Tower ①, head for the Hus park to see the Evangelical Church ② and St. Elizabeth's chapel. Then continue via Poštovní and Čs. Legií streets to the Cathedral of the Divine Saviour ③ and the Jiří Myron theatre. From here it's only a short walk to the Masaryk Square ④ with Old town hall, now containing the Ostrava Museum. Take a lunch or a coffee break and then continue on the 28. října street to the Antonín Dvořák theatre ⑤. Would you believe that coal was once mined in these places?

Ema slag heap

 Walk length:
approx. 4 km

Ostrava viewpoint

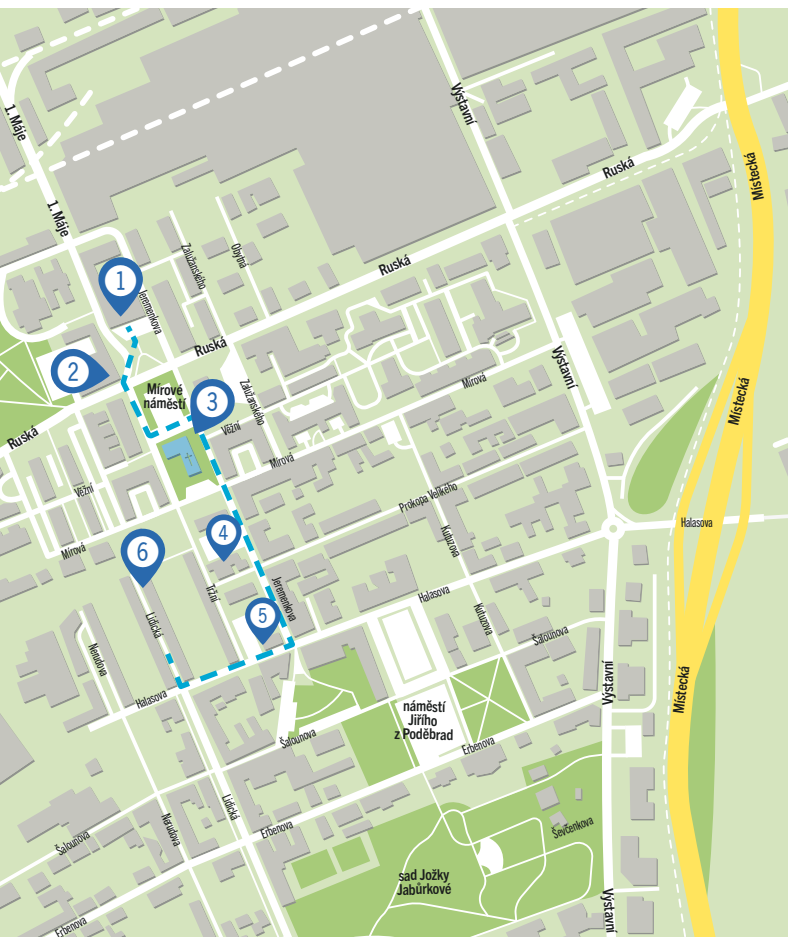

The walk begins in the centre, next to the New City hall **1**. Walk upstream along the Ostravice river to the green footbridge next to the County court. Cross the river and continue towards M. Sýkora bridge. Walk through the Bohumínská street, along the liberation monument in the form of a tank **2**, and continue to the Silesian Ostrava city hall. From there follow the yellow tourist sign to the information sign under the Ema slag heap. Walk along the foot trail through the small forest until you are at the top of Ema from where you can enjoy the view **3**. Afterwards you can follow the signs to the other side of Ema and they will lead you to the Zoo entrance **4**.

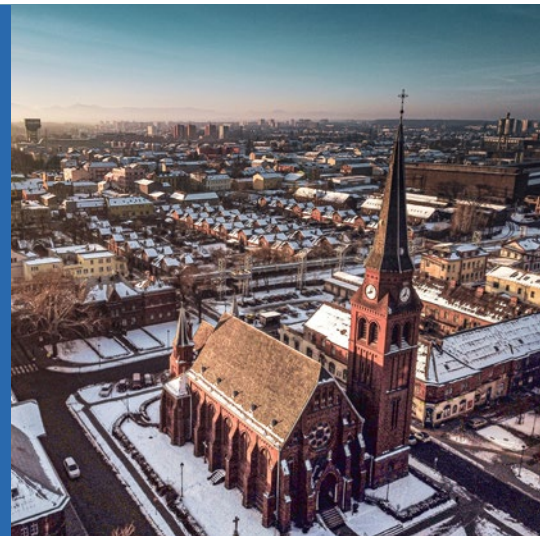

Vítkovice

 Walk length:
approx. 600 m

Red brick city

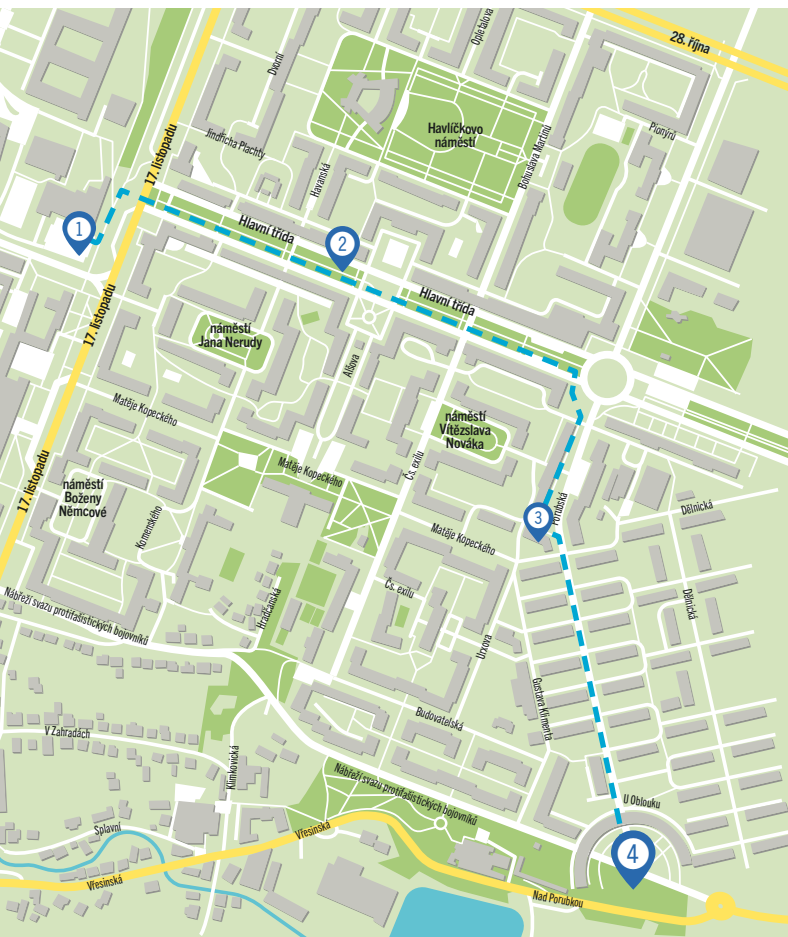

The sight of Mirové square already tells you what to expect from Vítkovice. The city hall ①, former factory hotel ② and the Church of St Paul ③ are all built from unplastered red bricks. The bricks are also a foundation of the nursery school ④, the market hall ⑤ and the iconic houses of the Štítová colony ⑥. When New Vítkovice was created, in the 1880s, they provided an unprecedented comfort for all its inhabitants.

Poruba

 Walk length:
approx. 1.5 km

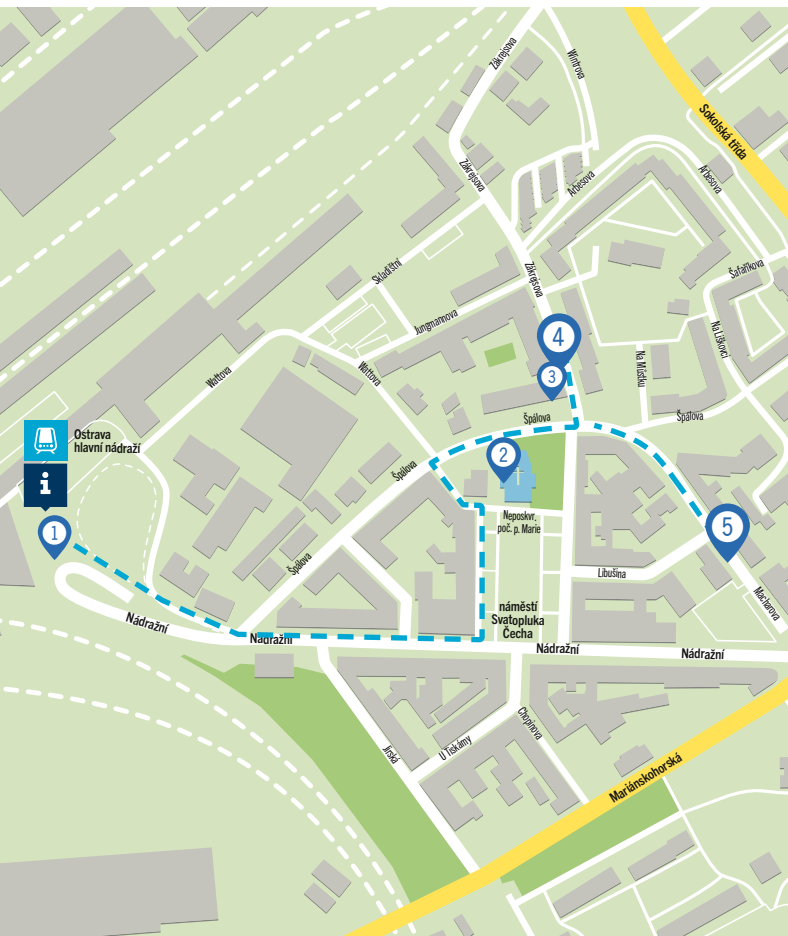

Monumentality and symbolism

The walk, following the impressive architecture of socialist realism, begins at the modern aula of VŠB – Technical university of Ostrava ①. Hlavní třída ② is a broad, lively boulevard. Grab a coffee and enjoy the classicism and renaissance details on buildings. One of these is the Věžička building ③, look up and you can see funny frescoes under the cornice. After 500 metres you will reach the arch ④, which was inspired by the St Petersburg's Palace Square and which has become the icon of Poruba.

Přívóz

 Walk length:
approx. 1 km

Charms of Art Nouveau

Svatopluk Čech square, located near the Main train station ❶, is a home to two important buildings – Church of Immaculate conception of Virgin Mary ❷ and the former city hall ❸. Both buildings, as well as the entire urban plan of Přívóz city district, which is depicted on the pavement of the square, were designed by Viennese architect Camillo Sitte. After you are finished enjoying Art Nouveau details on the surrounding houses, visit the Firefighting museum ❹ or grab a lunch in the renowned Loft restaurant ❺ (Hotel City.City, Macharova 105/16).

More trip tips can be found here:

EVENING ACTIVITIES

Theatre scene in Ostrava has become a symbol of quality and creativity in Czechia. Janáček philharmonic is among the best of orchestras. And if you prefer watching movies, Ostrava has many multiplexes, as well as art cinemas. Club scene is also very rich in Ostrava and not only on the famous Stodolní street. The staff of OSTRAVAINFO!!! info centres will gladly help you chose your evening plans or you can use the event calendar at www.ostravainfo.cz.
